

TOPO! EXTENDED USER LICENSE :: APPLICATION

Thank you for your interest in displaying maps and/or profiles created with National Geographic TOPO! software on a web site, in a publication, or other medium that is commercial in nature or contains paid advertisement (collectively referred to as the “work”). In order to do so, you are required to apply for a TOPO! Extended User License (EUL). In most cases, this license is granted free of charge.

The intent of the EUL is to provide TOPO! users the ability to add high-quality maps, elevation profiles, and 3D rendered map views to their commercially-oriented projects. The maps and profiles should provide added-value to the editorial content of the work as opposed to being the central theme or primary content of the work. Requests for using TOPO! maps and profiles as wall maps, folded maps, digital map products, and web sites that primarily focus on mapping content will not be approved under the terms of the EUL. To learn more about these types of commercial usages, please contact National Geographic Maps via email at maps@ngs.org. The map data that can be used under the terms of the EUL, is limited to the National Geographic TOPO! maps that are derived from the United States Geological Survey (USGS) maps at scales of 1:500,000, 1:100,000, and 1:24,000.

Listed below are the maps and data that are **EXCLUDED** from use under the EUL agreement:

A. Section 1 of the Agreement is hereby amended to add the new section 1(a) set forth below at the beginning of Section 1, replacing the section heading and first sentence thereof:

(ii) Licensee agrees (i) that National Geographic TOPO! shall receive a special thanks credit in the end credits of each episode of the Series in which the maps are used. If maps are used as a full screen graphic within the episode, licensee agrees to show attribution in the stationary shots of the maps (if any) stating Maps created using TOPO!® software ©2008 National Geographic Maps.

(iv) Licensee acknowledges that the maps, as provided in the original TOPO! software, and/or downloaded from the topo.com web site contained in the Series are proprietary to National Geographic and that National Geographic retains exclusive ownership of that information in the Series. Licensee will take all reasonable measures to protect National Geographic's proprietary rights in the Series. The only rights granted to Licensee are those specifically set forth herein, and otherwise Licensee is not granted any rights to patents, copyrights, trade secrets, trade names, trademarks (whether registered or unregistered), or any other rights, franchises or licenses with respect to any Software, Documentation, Reproductions or Reproduction Units. (vi) Licensee agrees to indemnify and hold National Geographic harmless from and against any and all claims, actions, liabilities, losses, damages and expenses, including reasonable attorneys' fees and such fees on appeal, incurred by National Geographic in investigation and/or defending against any claims, actions or liabilities for which indemnification is provided herein, arising out of or in connection with (i) the reproduction and distribution of the Series by Licensee; (ii) Licensee's attachment to the Series of any tradename, trademark or logo that is challenged as an infringement of the proprietary rights of any third party; (iii) any warranties granted by Licensee, or any implied warranties claimed by any of Licensee's purchasers or end users, in excess of those warranties contained in the Agreement; or (iv) the failure of Licensee to comply with each and every term of this Agreement.

(vii) National Geographic agrees to indemnify and hold Licensee harmless from and against any and all claims, actions, liabilities, losses, damages and expenses, including reasonable attorneys' fees and such fees on appeal, incurred by Licensee in investigation and/or defending against any claims, actions or liabilities for which indemnification is provided herein, arising out of or in connection with (i) any claim that the TOPO! "In the event of inconsistencies between the Agreement and this Amendment, the terms and conditions of this Amendment shall be controlling. Unless specifically modified or changed by the terms of this Amendment, all terms and conditions of the Agreement shall remain in effect and shall apply fully as described and set forth in the Agreement. All defined terms used herein and not separately defined shall have the same meanings as set forth in the Agreement."

C. Licensee acknowledges and agrees that this license does not include any right to use the "National Geographic" name or any of the trademarks of National Geographic in its publications or products, except for copyright notices as specified above. Licensee specifically agrees that it will not use the name "National Geographic", the YELLOW BORDER DESIGN, or any other National Geographic trademark as a branding element on the packaging or in the presentation of its publications or products.
